3. 20-May-2026 Applicant Paul Fisher's Verified Petition for Review asks the Court for "confirmation that each written answer received the full review contemplated by the Arizona bar examination grading process and that no portions of my responses were inadvertently overlooked or omitted during scoring." Applicant explains, for context, that he experienced a medical episode during the February 2026 test administration. The Court has considered the request en banc on an expedited basis. Notwithstanding this unfortunate incident, for the reasons explained by the Committee in its response,

IT IS ORDERED denying the petition. (Hon. Ann A. Scott Timmer)
